Title: Tai Kwan Leap: teacher, leader, friend

Author: Ishikawa

To me, Lord Tai Kwan
Leap has been a real
father figure. He took
me in, only to have
me break away from
him, then after i came
crawling back he took
me in again. After i

returned he began
re-training me as if
I had done nothing
wrong. Though i have
only been "under him
wing" for about a
week now he has
already become a very

important figure in
my life, helping me
with training, money
problems, and even
keeping my family
safe. My life shall
always belong to Lord
Tai, should he ever

need me to do
anything for him or
his, he knows i shall
be there in less than
an eye blink.
